113 SERIES

SINGLE-LINER MEDIA BLAST STENCIL

Anchor® single-liner stencil offers a wide assortment of options for your memorial, mausoleum or columbarium sand blasting needs. Anchor's new 113 series is the latest addition to our monument stencil offering and is available for hand cut, friction fed, slot and track fed plotters.

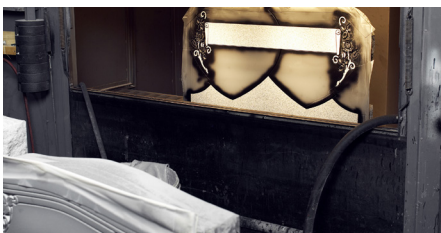

Anchor delivers the latest in Single Liner for your monument needs!

FEATURES & BENEFITS

- Rubber-based, pressure-sensitive adhesive protected by a clear polyester liner
- Available unpunched for hand cutting, and in punch configurations for Slot, Gerber and IBM plotters
- Medium tack adhesive for a strong hold with an easy release
- Available with rubber extending to the edge of the material to prevent slipping and for smoother tracking through high-speed cutters

PRODUCT APPLICATIONS

- Use for surface protection during etching and carving
- Designed for use on polished marble and granite
- Use with IPG®/Anchor Filler #211
