

ANTI-SLIP TAPE

HIGH TRACTION & ADDITIONAL SAFETY

Cantech 36800 Anti-Slip Tape is a heavy duty, extremely durable, premium-grade product engineered to provide a durable, non-slip surface. It is designed to be applied indoor and outdoor on frequently-used surfaces such as floors, steps, pedals, and more. This Anti-Slip Tape features a 60 grit backing made of silicon carbide that offers long-lasting slip resistance, making it an essential safety solution in various environments, including construction, OEM and agricultural worksites, fitness facilities, and many more. It can also be used to improve safety at work, home, and for recreation. This tape is NFSI certified for High Traction and meets Prop 65, ADA, and OSHA standards.

FEATURES & BENEFITS

- Extra durable and reliable over time
- 60 grit backing made of silicon carbide is ideal for the harshest indoor and outdoor applications
- Improves safety and minimizes accidents in many environments such as industrial, construction and agricultural worksites and more
- Release liner can be easily removed
- Delivers high traction on frequently-used surfaces such as floors, steps, pedals, and more
- Resistance to solvents such as oil, diesel fuel, mud, and chemicals found in extreme OEM environments
- Meets Prop 65, ADA and OSHA safety standards, and is NFSI certified
