

260e+

RECYCLED REINFORCED WATER-ACTIVATED TAPE

In support of our sustainability efforts, IPG is proud to offer 260e+ to our valued customers! 260e+ is a 3-way reinforced paper based carton sealing tape that is produced using a combination of 100% recycled and virgin kraft paper. This product is versatile and will still provide the strength and performance demanded by the market while still offering the added benefits of using a recycled sheet.

FEATURES & BENEFITS

Recycled fiber content

Recyclable with the carton to which it's applied

Made from over **50% RECYCLED PAPER!**

Helps contribute to the circular economy

Recommended for use on cartons up to 50lbs

One strip provides a secure, tamper-evident seal
