## Adhesion Force to Kraft Testing

# Recycled Corrugate Causing Tape Failures?

With the rise in popularity of recycled corrugate, tape failures have become a common occurrence.

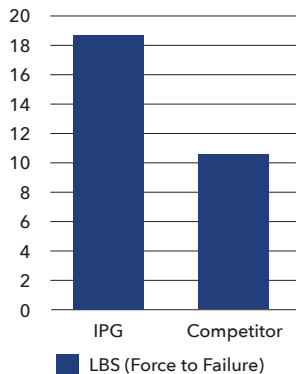

IPG has formulated a superior carton closure solution for recycled corrugate: The ET Xtreme™ Tape Head and Corru-Grip™ pressure-sensitive tapes.

- AF2K testing brings our packaging lab to you
- In-line testing with no interruption to your operation
- Measures adhesion strength to your corrugated boxes, which could predict potential tape failures

## Proven Results with the ET Xtreme Tape Head

Benefits of IPG's ET Xtreme patent pending dual independent wiping tabs:

- Superior center seam wipe down
- Secure seal on under-filled and uneven packages
- Adhesive driven deep into the fibers of the case for the most secure seal
- Will not crush the case

# 80.6%

Increase in adhesion with IPG ETX tape head
