LABOR & SPACE SAVINGS

B60 - IPG'S BULK PALLET PROGRAM

- Fewer pallets to receive into the warehouse
- More time on the line - Less time unboxing each roll
- More time packing products – Less time breaking down products
- More time to increase throughput - Less time handling packaging waste
- More pillows per pallet
- Fewer pallets in the warehouse to store
- Less broken down boxes to collect and store

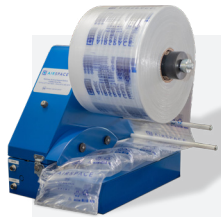

AIRSPACE DELIVERY SYSTEMS

Our stock pillow delivery systems integrated within existing work stations take cost out of the packaging process—improving labor and helping to ensure pillows are always available and delivered to where they can most conveniently be used. Systems can be placed on portable carts and integrated with overhead hoppers and pillow bins.

Custom integration is also available. Our team of designers are experts on developing solutions that help make pillow delivery more effective and efficient.
