

ELECTRIC VEHICLE SOLUTIONS

tapes that get the JOB DONE

**ACRYLIC TRANSFER
ADHESIVE TAPES**

POLYIMIDE FILM TAPES

HIGH DIELECTRIC TAPES

**WIDE VARIETY DOUBLE
COATED TAPES**

**VERY HIGH BOND
TAPES**

POLYESTER TAPES

NOMEX® TAPE

200°C RATED

APPLICATIONS

- Electrical Insulation
- Heat Plate Mounting
- Lamination
- Battery Cell Wrapping
- Bonding metals and plastics
- Thermal Management

FEATURES & BENEFITS

- Many IPG® Electrical Insulation Tapes are UL listed (File #OANZ2. E20780) and CSA Certified (File #LR94980)
- Excellent conformability
- High dielectric strength
- Resists chemicals and solvents
- Tear and puncture resistance
- High tensile
- Excellent adhesion
- High thermal resistance
- Superior bonding to wide variety of surfaces
